

# Independent cybersecurity assurance, delivered with clarity and care.

Hewitt Cyber Assurance LLC is a Wisconsin-based independent practice providing focused assessment support, security readiness, and information-handling guidance for regulated environments.

## CORE CAPABILITIES

### Focused support for defensible security decisions

- **Assessment support** — Contract-aligned evidence review, interview support, and findings documentation for authorized assessment organizations.
- **Security readiness** — Control walkthroughs, evidence organization, documentation clarity, and practical prioritization before formal review.
- **Information handling** — CUI boundary planning, approved-channel coordination, access expectations, retention, and secure closeout.

## WHO WE SUPPORT

### Organizations working under real constraints

- **Assessment organizations** — Practitioner support aligned to the organization's authority, procedures, and engagement requirements.
- **Defense industrial base contractors** — Preparation and evidence-centered support for organizations handling federal contract requirements.
- **Regulated small and growing businesses** — Clearer scope, control readiness, and information boundaries without unnecessary layers.

## INFORMATION-HANDLING BOUNDARY

Do not send CUI, assessment evidence, credentials, vulnerability details, or other protected information by website or ordinary email. Engagement materials are exchanged only through an approved channel.

Hewitt Cyber Assurance LLC does not represent itself as a C3PAO, accreditation body, or government agency. Organizational authority, individual qualifications, and engagement-specific requirements are confirmed during contracting.

## WHY HEWITT

### Direct. Disciplined. Engagement-specific.

- **Direct accountability** — The professional you speak with remains responsible for the work.
- **Defined authority** — Roles, independence, scope, and access are confirmed before work begins.
- **Protected evidence** — Sensitive materials stay in approved client or contracting-organization systems.
- **Clear deliverables** — Conclusions are concise, traceable, and tailored to the engagement.

## FOUNDER & PRINCIPAL

### Michael Hewitt

Practitioner-led service centered on preparation, discretion, independence, and clear communication.
